# The Strategic Enterprise Architect's Dilemma

## Table of Checklists

Checklist 1. Key Questions Checklist for Enterprise Essentials Fitness. ....	144
Checklist 2. Checklist Questions About Risk.....	172
Checklist 3. Initial Strategic Context Questions.....	175
Checklist 4. Additional Strategic Context Questions. ....	176
Checklist 5. Strategic Stakeholder Questions (1 of 2). ....	185
Checklist 6. Strategic Stakeholder Questions (2 of 2). ....	185
Checklist 7. Capability Architecture Questions (1 of 2). ....	220
Checklist 8. Capability Architecture Questions (2 of 2). ....	220
Checklist 9. Strategic Fitness Questions That Need to Be Asked Frequently. ....	242
Checklist 10. List of the Kinds of Questions That Should Be Asked but May Not Be. ....	244
Checklist 11: Strategic Initiatives Questions (1 of 2). ....	261
Checklist 12: Strategic Initiatives Questions (2 of 2). ....	261
Checklist 13. Questions That Specifically Address the Strategy at Each Phase. ....	268
Checklist 14. Questions That Specifically Address the Recognize Phase. ....	277
Checklist 15. Questions by View for the Recognize Phase.....	278
Checklist 16. Questions That Specifically Address the Decide Phase. ....	282
Checklist 17. Questions by View for the Decide Phase.....	283
Checklist 18. Questions That Specifically Address the Act/Develop Phase.....	289
Checklist 19. Questions by View for the Act/Develop Phase. ....	291
Checklist 20. Questions That Specifically Address the Act/Use Phase.....	296
Checklist 21. Questions by View for the Act/Use Phase.....	298
Checklist 22. Questions That Specifically Address the Improve Phase. ....	302

## Table of Checklists

Checklist 23. Questions by View for the Improve Phase. ....	304
Checklist 24. Questions That Specifically Address Governance & Learning Over All Phases. ....	316
Checklist 25. Questions by View for Integrated Governance & Learning. ....	318
Checklist 26. Questions by Phase for Integrated Governance & Learning.....	320
Checklist 27. Checklist Questions About Situation Complexity Analysis.....	350
